

Type NS-DC-GR2/HPP Hydraulic Drum Rotator

The type NS-DC-GR2/HPP Hydraulic Drum Rotator is a heavy-duty 205 litre Drum Lifter with hydraulic grab/rotation ability. The battery/electric Hydraulic Power Pack (HPP) eliminates the need to connect to the Forklift's hydraulic system. This self contained unit includes a 12 volt hydraulic pump, 105ah industrial battery and pulse battery charger. Operation of the HPP is by push button crane pendant connected to a 4 metre control cable allowing the Forklift operator to work the attachment from the drivers seat.

This lifter is able to pick a single drum from a pallet of 4 without disturbing the other 3 drums.

The standard finish is painted enamel.
